**Grades K – 2: Walking Trail Day 1**

Use the walking trail posters in this packet to create an at-home walking trail. You can make your trail indoors or outdoors. There are 5 walking trail signs to create 5 stations that you will visit on your Wonderful Walks.

All walks end at the Handwashing Station – make sure you wash for 20 seconds or more.

	<p><b>Station 1: The Forest</b> Trees are amazing. They naturally filter the air that we breath and they're home to many creatures that we share the Earth with. If you're indoors, find a window with space for you to hang The Forrest Poster. Make sure there's enough space for you to move safely. If you're outdoors, find a real tree or a signpost that you can pretend is a tree, and make that your forest.</p>
	<p><b>Station 2: The Nest</b> Lots of creatures build and live in nests. Birds, squirrels, and bees are a few examples of creatures that we know can build nests in the world around us. If you're indoors, hang this poster next to your bed and pretend that your bed is your nest. If you're outdoors, find a place to hang the poster where you'd like to see a creature build a nest. Make sure you hang it in a safe place.</p>
	<p><b>Station 3: The Mountain Trail</b> Walking up a mountain trail can be really great exercise for your muscles and your heart. And mountain trails can have spectacular views of the lands around it. If you're indoors, hang this poster next to a place in your home that has a picture that you like. It could be a picture of a friend, family member, or a special place. It can also be a painting or piece of art that you really like looking at. If you're outdoors, find a place with a view that you enjoy. This is the start of your mountain trail.</p>
	<p><b>Station 4: The Bridge</b> Bridges can help us travel over an obstacle. The obstacle might be water, a giant ditch or a busy road. Bridges have to be strong in order to keep us safe. If you're indoors, hang this poster in a place with enough room for you to make a bridge with your body. If you're outdoors, find a place that is safe for you to move and play in.</p>
	<p><b>Station 5: The Handwashing Station</b> Every time we go out and explore our world on a wonderful walk, we need to stop and wash our hands. Washing our hands for 20 seconds or more will wash germs down the drain and keep our family and friends safe. Hang this poster next to a sink where you can wash your hands. If you can, listen to the song <i>20 Seconds or More</i> while you wash the germs away.</p>
