SCARF / BALL JUGGLING IN 3 LEVELS OF PRACTICE

Level 1: One Object (Toss-Catch)

- Begin with the object in your right hand.
- Toss it in a high arc so that it passes in front of your face (or higher) and comes down to be caught in your left hand.
- Now, repeat that tossing pattern from your left to your right hand.
- Continue practicing this (back and forth) for 3 to 5 minutes.

Level 2: Two Objects (Toss-Toss-Catch-Catch)

- Begin with one object in each hand.
- Toss the right object as you did in Level 1.
- Next, toss the left object up and under the right object.
- Catch first with your left hand, and then catch with your right hand. The objects should have switched hands.
- Continue practicing this (toss-toss-catch-catch) for 5 minutes.

IMPORTANT TIP

* Toss the objects high and in an arc to the opposite hands. This gives you more time to track and catch each one.

** If you are left-handed, begin with a toss from your left hand.

Level 3: Three Objects

- Start with one object in your left hand and two objects in your right hand.
- It helps to hold each object between your different fingers so you can release them one at a time. For example, hold one object between your thumb and index finder, and the other between your index and middle finger.
- The first toss must be from your right hand. Release one object in the same high arc you've been using from level 1.
- Next, toss the object from your left hand up and under as you did in level 2. As you bring your left hand back into starting position, catch the object cascading down on that side.
- At the same time, toss the third object up and under the second object.
- Repeat the catching/tossing figure-8 pattern to continue your juggling sequence. Keep practicing!
- If you need to, go back to level 2 to refresh the up-and-under toss-toss-catch-catch pattern.

IMPORTANT TIP: If you are left-handed, begin with two objects in your left hand.

Growth Mindset (*noun*) A belief that abilities can be developed through dedication and hard work; raw talent and common knowledge are just starting points.

2-Week Physical Activity Log

Use this activity log to track your physical activity minutes for 2 weeks. Have an adult sign their initials next to each day that you complete 30 minutes.
